

STATEMENT OF WORK
Tree/Shrub Establishment (612)
TENNESSEE

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN**Deliverables**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. Practice standard criteria-related computations and analyses to develop plans and specifications including, but not limited to:
 - i. Determination of adapted species of woody plants to be planted and/or naturally reestablished.
 - ii. Protective measures for planted stock including supplemental water, cultural treatments to enhance survival, and health and use exclusion.
 - iii. Additional provisions, as required, for improving or restoring natural diversity and increasing carbon storage in biomass and soils.
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice.
3. Documentation of needed operation and maintenance.
4. Certification that the design meets practice standard criteria and complies with applicable laws and regulations.
5. Design modifications during installation, as required.
6. Evaluation and completion of TN-CPA-25, Environmental Effects for Conservation and Areawide Plans.

INSTALLATION**Deliverables**

1. Pre-application conference with client.
2. Staking and layout according to plans and specifications, including applicable layout notes.
3. Application guidance as needed.
4. Facilitate and implement required design modifications with client and original designer.
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations, and NRCS policies during installation.
6. Certification that the application process and materials meet design requirements.
7. Install visible markers at edge of planting to protect trees, if needed, in first five years.

CHECK OUT**Deliverables**

1. Records of application.
 - a. Extent of practice units applied.
 - b. Actual plant materials used and protective measures.
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
